Preface

The monthly report of Indonesia Investments is written and published by business consultancy CV Indonesia Investments, headquartered in Yogyakarta (in Indonesia), with the assistance of investment company Van Der Schaar Investments B.V. (based in Delft, the Netherlands). This report aims to inform the reader of the latest, most relevant, political, economic and social developments in Indonesia as well as those crucial international developments that (may) impact on the economy of Indonesia or on its politics.

Our reports are intended for a diverse audience, including individual and corporate investors, financial market participants, diplomats, policymakers, decision-makers, academics, journalists, and analysts.

The website www.indonesia-investments.com is the key reference and access point for gaining knowledge about the markets, economy, business sectors, politics, and
cultures of Indonesia. This online platform is owned by Van Der Schaar Investments B.V. which was established in 2009 but stands in a tradition stretching back to urban development in the Dutch capital city of Amsterdam in the early 20th century.
